CANADIAN COAL MINE DISASTER

Two Hundred and Five Men Killed.

TWENTY RESCUED ALIVE

Explosion Shook Countryside for Miles Around.

Hillcrest, Alta., June 20.—A mighty explosion, coming without warning, entombed 225 miners in mine No. 20 of the Hillcrest Collieries, Ltd.

The death list is placed officially at 205. Twenty men were rescued alive and twenty-three bodies have been taken out, leaving 182 still entombed and probably dead.

The work of rescue progressed rapidly and the entrance has been cleared. Several miners were recovered alive near the entrance and further on a few bodies were recovered.

Despite the efforts of the two score mine experts laboring amid the death dealing gases and debris hope of reaching alive the 182 men yet in the mine is waning.

The explosion shook the countryside for miles around, lifted the roofs from many miners' cabins and demolished numerous small buildings.

A moment after the explosion a score of panic stricken surface workers rushed from the mine, followed by a dense cloud of smoke and poisonous fumes.

Organize Emergency Crew.

Appeals for help were dispatched to many towns and in the meantime residents organized an emergency crew and turned feeble and ineffective hands toward the work of rescue.

When the first crew arrived a large force of men set about to clear the shaft, turning desperately from one point to another as the means of the entombed men came feebly from the mass of debris. The moans became fainter and fainter and finally ceased.

Thousands of tons of rock have fallen into the mine and it is feared that the men, even though they escaped death from the poisonous fumes, probably were crushed to death by the falling debris.

No information as to what caused the explosion has been given, but it is generally believed it was due to forming gases.

Thomas Quigley, superintendent of the mine, is among those entombed.

Two trains filled with expert mine workers, doctors, nurses and officials of railways arrived at the scene of the disaster and the work of rescue was begun in a systematic manner.

As the experts entered the mine they found, jumbled in a chaotic mass, horses, timbers, wagons and mining paraphernalia, the same being indicative of the force of the explosion.

Fire Follows Explosion.

Fire broke out soon after the explosion but died out almost immediately, although the gas fumes made it impossible for the men to work effectively for several hours.

The explosion tore out both ends of the pit and instantly blocked the interior of the workings, making it almost impossible to gain entrance. Most of the men were working about 400 feet inside the mine.

A majority of the men are foreign born, but a large number of them are English speaking.

This is the third great disaster which has fallen to inhabitants of Crows Nest Pass. Four years ago thirty-five men were killed in the Bellevue mine, and ten years ago Frank was wiped out by the neighboring mountain toppling over and burying 125 inhabitants.

The mine in which the disaster occurred is located but one mile from Frank, Alta., where the great disaster occurred ten years ago. The mines have been operated at intervals for twelve years.

IOWA COUPLE MARRIED SEVENTY-EIGHT YEARS.

Sioux City, Ia., June 20.—John Tankin, ninety-eight years old, and his wife, ninety-seven years, celebrated their seventy-eighth wedding anniversary. They were born in Holland and married in 1836.

FAIR BANISHES SALOONS

Fountains to Be Substituted for Liquor Sort at Bozeman.

Bozeman, Mont., June 20.—The Interstate Fair association of Bozeman has voted out the saloon. The directors at their regular meeting decided not to grant any saloon privileges for this year's fair. By way of substitute they will install three sanitary drinking fountains at convenient places on the grounds.

SECRETARY HOUSTON.

Forms Important Ruling Regarding Making Wine.

DECIDES WHAT WINE IS

Secretary Houston Rules on Important Question.

Washington, June 20.—Secretary Houston decided "what is wine" and made a pure food ruling of far reaching importance to all domestic wine workers.

It prohibits the use of the name "wine" on products made by the addition of water to the juice, pomace or pulp of grapes and defines wine to be "the product of the normal alcoholic fermentation of the juice of the fresh, sound, ripe grapes, with the usual cellar treatment."

HAMMOND CAINING SLOWLY ON LAWLER

Minnesota Primary Contest Remains Unsettled.

For Governor, Democratic.

2,484 precincts reported.

Lawler 21,705

Hammond 21,531

Lawler's lead 174

For Auditor.

2,559 precincts reported.

Preus 60,223

Rines 60,117

Preus' lead 106

St. Paul, June 20.—The outcome of the race for the Democratic gubernatorial nomination still is in doubt. There is equal uncertainty regarding the Republican nominee for state auditor.

The fight for the state auditorship between J. A. O. Preus and Henry Rines will be decided by the second choice vote made possible by the entry of Julius Block into the primary campaign. Preus led by 106 first choice votes. His portion of the second choice vote brings his lead to 286.

The figures to be returned by the canvassing board, when it completes its report next week, will decide the outcome of the gubernatorial nomination and that for the auditorship.

There are about 380 precincts yet to be heard from on the vote for the gubernatorial nomination.

MADE COFFIN FROM TREE

Nestor of Undertakers Tells How He Conducted Funeral in 1867.

Sheboygan, Wis., June 20.—How he built a coffin by hand out of a walnut tree in 1867 was told by H. F. Thiele, Watertown, before the convention of Wisconsin funeral directors and embalmers. Mr. Thiele is eighty-four years old.

In constructing the primitive coffin Mr. Thiele said he used for handles those of his tool box. The corpse was laid in the walnut tree inclosure.

\$75,000 GONE FROM BANK

Mysteriously Disappears From Safety Deposit Box.

Pittsburg, June 20.—It became known that many detectives are searching for \$85,000 which mysteriously disappeared from a deposit box of the Colonial Trust company of this city. The loss of the money was discovered on June 8 and was not made public, so that city and private detectives could make a quiet investigation. Efforts of the officers have been futile. Not a trace of the money has been found.

TWO KILLED BY LANDSLIDE

Fears Expressed That More Persons Are Buried in Debris.

Nice, France, June 20.—Two persons were killed and seven injured by a landslide in a tunnel of the new railway from Nice to Cuneo, Italy. It is feared that more people were buried beneath the debris.

DEMOCRATS SEEK TO REPAIR SPLIT

Break In Party Caused by Tolls Repeal Bill.

FIRST DIVISION IN YEARS.

Record of Votes on Measure to Play a Prominent Part in Fall Campaign. Congressman Bryan, a Progressive of Washington, Warmly Urges Passage of Railroad Bill.

By ARTHUR W. DUNN.

Washington, June 20.—[Special].—Democrats in congress who are to go before the people this fall hope that time will soften the asperities that have grown out of the debate and action on the Panama tolls question.

There are always difficulties ahead for a party which finds itself divided. In the case of the Panama tolls the party was divided against itself, with the administration on one side and the party platform on the other, the platform advocates appealing to patriotic sentiment. The result was a sharp division, such as has not been seen since the silver question split the Democratic party twenty years ago.

When the silver Democrats split with President Cleveland they did so with considerable joy, but the Democrats who split with the Wilson administration on the Panama canal tolls did so with a great deal of regret. Party men do not like to oppose their president, as it is much more easy to go along with the administration than to be antagonistic.

Somewhat Despondent. The division that has been made has created some despondency among the Democrats for the reason that they can read the political history of the past, and they know that when party divisions exist party defeat often follows. The Republicans were able to maintain their supremacy for many years because they remained united. They were defeated when the party divided in the Taft administration. The hope of the Democrats is that their constituents will commend them for standing by the president. That is likely in the party primaries, but just how it will affect the vote in the fall elections is another question.

Support Not Wanted.

During consideration of the railroad bill in the house of representatives Congressman Bryan of Washington, a strong Progressive and openly for government ownership of the railroads, said that he was much in favor of the bill because it filled up the gap between present conditions and government ownership.

"This bill takes a more complete hold on the railroads," he said, "and the tighter the hold the better I like it. We will get them, bag and baggage, a little later."

"You are trying to beat this bill," said Chairman Adamson. "If I believed this bill was going to result in government ownership I would consign it to the everlasting damnation bow-wow."

"That is the advantage of the situation," replied Bryan. "It is such a good opportunity to put it over on the old time statesmen of the country that we are going to do it."

The Way to Peace.

During discussion of the navy bill in the senate Senator Reed of Missouri said, "I believe in peace. I hope we shall always have peace, but if we are to have peace, then, in my opinion, we must be prepared to demand and enforce our peace."

A little later in the debate the Missouri senator said that he preferred to turn loose a big gun instead of turning the other cheek to the smiter.

Want Them to Go Together.

Republicans of the rules committee of the house want prohibition and suffrage treated alike. They say that both recommendations were reported from the judiciary committee without recommendation by practically the same vote and on the same day. Consequently they insist that if the rules committee is going to provide for consideration of the prohibition amendment similar provision should be made for the woman suffrage amendment.

Makes Its Own Rules.

"The senate makes its parliamentary law as it goes along," remarked Vice President Marshall. "The senate will establish a new rule, overturn an old precedent or disregard a former ruling if the majority so desires."

This has been such a patent fact so long that it is surprising that the senate undertakes to use parliamentary law or its own rules, for it decides anything in order or anything debatable according to the volition of the majority.

One on Garner.

The house was about to begin one of its evening sessions when John Garner of Texas said that he would like to suggest the absence of a quorum "in order that the bells might be rung to notify members that the house was in session for discussion of an important measure."

"I am surprised," remarked Chairman Adamson, "that my genial friend suggests ringing the bells instead of ordering the sheriff to call the people to the public square as he does at home when he wants them to hear him speak."

A Substitute.

"Have the Compeus a pedigree?"

"No, but their French bull has."

Baltimore American.

WILLIAM J. BURNS.

Dropped From Honorary List by Police Chiefs.

DROPS DETECTIVE BURNS

Action by Association of Chiefs of Police.

Grand Rapids, Mich., June 20.—Two of the final acts of the International Association of Chiefs of Police before the annual convention adjourned here were to drop Detective William J. Burns from the list of honorary members of the association and to vote against amending the national organization of sheriffs and railway detectives.

Burns' connection with the association was severed without bringing his name directly before the convention to act upon his dismissal.

A committee prepared a new honorary membership list. The convention adopted the list. Burns' name did not appear among the members.

RUSSIAN ATTORNEYS MUST GO TO PRISON

Convicted for Criticising Ministry of Justice.

St. Petersburg, June 20.—The trial of twenty-five lawyers on a charge of insulting the ministry of justice during the trial of Mendel Beiliss ended in the conviction of all the defendants.

M. Sokoloff and M. Kereuski were sentenced to eight months' imprisonment and the others to six months each.

At the trial of Beiliss the lawyers alleged the ministry of justice and the court were inspired by racial and national enmity.

The sentences imposed on the lawyers deprive them of their political rights, but does not interfere with their civil rights. The courtroom was crowded with members of the duma and other public men.

HOUSE MEMBER UNSEATED

Democrats Disqualify Republican From Missouri.

Washington, June 20.—L. C. Dyer of St. Louis, Republican, representing the Twelfth Missouri district, was unseated by the house by a vote of 147 to 98. His election was contested by Michael J. Gill, Democrat.

Then by a vote of 126 to 108 a resolution declaring Gill legally elected was adopted. Mr. Gill immediately took the oath of office. On the vote to declare Gill elected thirty-one Democrats voted with the solid Republican minority against him.

Under the usual custom Mr. Dyer keeps his salary and gets "not exceeding" \$2,000 for expenses of the contest on his side. This was Mr. Dyer's second term in congress.

SAFETY AT SEA MEASURE

House Committee Reports Substitute for La Follette Bill.

Washington, June 20.—A substitute for the La Follette seamen's bill passed by the senate was reported favorably to the house by Chairman Alexander of the merchant marine committee following months of consideration.

Like the La Follette measure the new bill is designed to promote the welfare of American seamen and lessen the danger of travel by sea, but it is less rigorous in many respects, and is expected by the committee to meet most of the objections of the shipping interests to what they claimed were harsh requirements.

LEAVE WOMAN TO PERISH IN FLAMES.

Spokane, June 20.—Beaten and choked into unconsciousness by burglars Mrs. E. B. Lesh, an elderly widow, was left to perish in the flames of her home, which the thieves set on fire. Firemen arrived just in time to save her life.

The residence was destroyed.

STEAMER SINKS IN MISSISSIPPI

KILLED IN STREET BATTLE

Police Inspector Dead and Man Injured in Fight.

Boston, June 20.—Police Inspector Thomas F. Norton was killed and Lawrence Robinson, said to be wanted in Grand Rapids, Mich., for triple murder, was seriously wounded in a running fight which followed Norton's attempt to arrest Robinson.

Two other police inspectors and another companion of Robinson, Joseph Daniels, joined in the firing, which started in a restaurant.

LAUGHS AT LIFE SENTENCE

Nebraska Youth Convicted of Murdering Woman.

Falls City, Neb., June 20.—Leo Davis, nineteen years old, who confessed to the authorities that he murdered Mrs. B. F. Cook, wife of an electrician, here the night of May 25 last, was sentenced to life imprisonment by Judge Raper of the circuit court. Davis laughed when the court pronounced sentence upon him and said he was glad to escape more serious punishment.

MOVIES AND BASEBALL CAUSES OF INSANITY.

Chicago, June 20.—Insanity in Cook county is increasing more rapidly than the population, according to figures announced by John E. Owens, judge of the county court.

Moving pictures and baseball have played their parts in causing a number of cases, according to Judge Owens. Both amusements, he said, stimulate too severely the emotions of those interested in them.

DIED SAVING HER CHILD

West Virginia Woman Crushed to Death by Engine.

Huntington, W. Va., June 20.—Mrs. Martha Medley, twenty-five years old, was crushed to death by the engine of a Chesapeake and Ohio passenger train near Ceredo, W. Va., after she had thrown herself in the train's path and pushed her four-year-old daughter to safety. Three other children witnessed their mother's death.

CITIZENS BANISH NEGROES

Demonstration at Shoshone, Ida., Follows Shooting.

Shoshone, Ida., June 20.—Citizens of Shoshone drove all negroes out of town after Jack Edwards, a negro, while resisting arrest on a charge of drunkenness, had shot James May, the town marshal, and E. V. Bower, treasurer of Lincoln county. Bower's wound may prove fatal, according to surgeons.

Edwards was caught at American Falls and brought back to Shoshone.

Accident Occurs to Excursion Boat Near St. Louis.

DETAILS ARE VERY MEAGER

Latest Report Says Packet Majestic Was Not Carrying Any Passengers at Time of the Disaster—Boat Is Said to Have Struck New Water Tower in Course of Construction.

Altoona, Ill., June 20.—No passengers were aboard the river packet Majestic. The local telephone operators made a moonlight excursion on the boat and after the boat docked and her passengers disembarked it proceeded toward St. Louis.

St. Louis, June 20.—A report that an excursion steamer with several hundred passengers aboard struck the new water tower in course of construction in the center of the Mississippi river just north of here and sank a few minutes later reached the police and harbor officials here. Police officers and boats were sent up the river to investigate.

The report originated with a watchman along the river front, who reported to the officials at the municipal water plant that he had seen the accident. The identity of the boat is not known.

The Eagle Packet company, after an hour's investigation, claimed the boat was their Majestic, carrying several hundred girl operators of the Bell Telephone company.

Reports from Alton, Ill., also gave the name of the boat as the Majestic. According to the watchman who first told the story the boat sank soon after striking the tower.

North Dakota Commission Orders Restoration of Coupon Books.

Bismarck, N. D., June 20.—Railroads operating in North Dakota were ordered by the state rail commission to restore the sale of interstate coupon books for excess baggage or suffer further reduction in baggage rates. The order grows out of complaints made by traveling men, following the recent action of the railroads discontinuing the sale of coupon books for interstate business, which resulted from the railroad commission's reduction of the rate. The rail commission transferred laundry from first to second classification. Several other orders of minor importance were issued.

ESCAPE FROM BURNING MINE

Two Hundred Belgians in Peril for Several Hours.

Liege, Belgium, June 20.—Two hundred coal miners had a narrow escape from death in the Vieille Maribaie colliery, near here, when fire broke out and penned them inside.

Four hundred men were in the pit at the time, but 200 managed to get out.

The entombed men remained in their perilous position for hours, with the fire raging inside the mine, but finally made their escape with the aid of rescue gangs.

MIDLAND AND VICINITY

John Mann and wife are down from Duluth for a few weeks vacation. They are stopping in Mrs. Rider's house.

A crew of men are setting the poles for the Farmers Telephone line.

Mr. and Mrs. Jager of Minneapolis, have been visiting at A. Knowlens.

The furniture for F. A. Niles new cottage on Round lake is being hauled in from Aitkin.

The new bridge across the creek near H. Scott's was finished Friday.

Recent guests at the Linden House were: Mr. and Mrs. Jorden, Miss Halton, Mr. Webster of Minneapolis; Mr. and Mrs. Todd of Duluth, Mr. and Mrs. Kreck and children of Aitkin, F. Haney of Cedar Rapids, Iowa.

Famed For Their Tattooing.
The Maoris used to be noted for their tattooing, which was designed to clothe as well as ornament the body. Whoever refused to undergo the protracted tortures of tattooing required at every important event of his life was regarded as a person by his own consent foredoomed to slavery. The men were actually depleted in order to increase the surface for tattooing, while for the young women the operation was limited to the lips, whence the term "blue lips" applied to them by the English.

The Limit.

"What did the doctor say was the matter with you?"
"He said he didn't know."
"Well, what doctor are you going to next?"
"None. When a doctor dares to make such an admission as that he must be about as high in his profession as he can get."—London Mail.

The Caddy's Comment.
Small caddy, approaching first tee, groaning under the burden of a heavy kit, chiefly of iron clubs, is heard to exclaim: "Heavens above! It's a caddy he wants." Tam, who hears the remark, cries in sympathy, "Jock, wa's yer man?" Jock—Goodness kens, but I'm thinkin' frae his set of clubs he mon be a Glesca ironmonger.—World of Golf.

Amiable.

"They say Thelma's husband is a very amiable man."
"Amiable! I should say so! I have known that man to laugh at a joke when he was taking down the stove-pipe."—Baltimore American.

Politically Speaking.
"Shall I see your father?"
"Oh, no," said the politician's daughter. "Necessary to a choice, one."
"Then I am the groom elect?"
"You are. And Harold!"
"Yes, dear."
"I shall expect you to keep some of these pre-election promises you've been making."—Kansas City Journal.

Extremely So.

"But why did you eat the cake she baked?"
"I wanted to make myself solid."
"Did you succeed?"
"I should say so. I felt like a ton of lead."—Cleveland Leader.

Careless.

Visitor—So that's Miss Overton. Don't you think she carries her age remarkably well? Artist—No, I don't. She has dropped several years of it to my personal knowledge.—Illustrated Bits.

The Goose.
The goose, which for some unknown reason has become an emblem of idleness, but which is really a wise bird of good habits and one of the most profitable for the fancier, was probably the first fowl to be domesticated by man. Homer, 1,200 years before the Christian era, speaks of his geese, in which he was greatly interested, and the hieroglyphics of Egypt prove that at his time they had been tamed for centuries.

One of Its Merits.

"You prefer a typewriter to pen and ink?"
"Yes," replied the round shouldered man. "It saves argument. Whenever the boss comes around he can hear the typewriter and be sure you're working."—Washington Star.

Village Gossip Over One Phone Wire.

In a village near Chicago one party telephone line serves all those in the village, and when the company proposed recently to separate the line into private lines for the improvement of the service a protest was raised. It was found that every night after supper everybody in the village "rang in," and an hour of general gossip followed.

Cold Water and Prayers.

Kyoto, Japan, abounds in picturesque temples and quaint shrines, but perhaps no more interesting or beautiful spot will be found than a small shrine below the Kiyomidzudera. In the valley beneath this temple is the Otawano-Taki, a small stream springing out of the rocks, led through bamboo pipes and splashing on to the praying stones in front of the shrine below, says the Strand Magazine. On these the devout kneel reverently, sometimes for thirty or forty minutes, with cold water playing on their backs, supplicating the deity of the shrine for the safety and welfare of some beloved friend or relative.

KING SENDS HIS GREETINGS

King Haakon, of Norway, Replies to Congratulations on Centennial Celebration Sent

BY LUTHERAN FREE CHURCH
Full Text of the King's Cablegram Given in Norwegian as Received by Convention

King Haakon, of Norway, in cablegram to Lutheran Free Church convention in Brainerd:

"Paa startingsregjeringens og egne vegne takker jeg for den os tilsendte hilsen."

HAAKON, R.

Acknowledging the greetings sent by the Lutheran Free Churches of America, now in national convention at Brainerd, on the occasion of the centennial celebration of Norway, King Haakon cabled:

"On behalf of the storting and the cabinet and myself personally I thank you for your greetings and best wishes."

President Aarstad, of the Norwegian storting, also acknowledged the greetings and extended the best wishes of that body to the Free Church and countrymen in the United States.

Rev. E. E. Gynild was elected a member of the organizations committee and Rev. Claus Morgan and Rev. Asmund Oftedal of the resolutions committee. Rev. U. Rufsvoid, rector of the deaconesses home and hospital in Minneapolis gave a report.

Friday evening the laity met in the tabernacle building and the ministers in the Bethlehem Norwegian Lutheran church.

Saturday the English conference of the Free Church is in session. President C. M. Tollefson presided. The prayer was offered by Rev. A. Oftedal. Prof. J. L. Nydahl read a report on Sunday schools.

The English conference re-elected its old officers, being President Rev. C. M. Tollefson, Madella; vice president Rev. J. E. Lobeck, St. Paul; secretary Rev. Nic. Nelson, Minot, N. D.; treasurer Mr. J. B. Anderson.

Rev. H. Casperson read a paper on the English work done.

This evening there will be a grand concert in the tabernacle. The program includes tenor solos by Prof. Teodor Reimstad, of Minneapolis; violin solo by Edwin Harris Bergh, songs by the male chorus of the Bethlehem Lutheran church and selections by its orchestra with other numbers by local and church talent. Miss Jennie Wilson will preside at the piano. Tickets are 25 cents each.

On Sunday ministers in attendance at the convention will occupy Brainerd church pulpits as follows:

First Congregational church: Rev. John O. Evjen, of the Augsburg seminary will preach in the morning on

9 MEET TRAGIC DEATH IN AIR

Special to Dispatch:

Vienna, Austria, June 20—Nine aviators lost their lives today when the mimic war in the air suddenly turned into tragic reality by the accidental ripping of a dirigible airship by a biplane while both were flying at a great height during the Austrian army maneuvers. Both craft were destroyed and their occupants, nine military and naval officers, were burned and mutilated beyond recognition.

HAMMOND GAINS 200 OVER LAWLER

Special to Dispatch:

St. Paul, Minn., June 20—Complete returns from Blue Earth county this morning put Congressman Hammond ahead of D. W. Lawler in the race for the democratic nomination by an even 200 votes. With Hammond slowly but surely gaining as country precincts are heard from, his nomination now seems assured.

"The Christian Charter of Liberty." In the evening Rev. T. T. Roan, of Cloquet, will preach.

First Presbyterian church: Rev. Claus Morgan, of Minneapolis, will preach at the morning service at 10:30.

First Baptist church: Rev. O. J. Flagstad, of Duluth, will preach at the morning services at 11 o'clock.

First Methodist church: Rev. J. M. Halverson, D. D., of Ashland, Wis., a brother of Attorney Gustav Halverson of this city, will preach at the morning services at 10:30.

Evangelical church of Northeast Brainerd: Rev. T. T. Roan, of Cloquet, will preach at the morning services.

On Monday evening, at 5 o'clock, all auto owners of the city are asked to bring their cars to the Bethlehem Norwegian Lutheran church on South Seventh and Norwood streets, for the purpose of giving the delegates at this national convention a half hour ride in Brainerd and its vicinity. The convention closes its sessions on Tuesday evening, June 23.

CHAUTAUQUA FOR NEXT YEAR

Does Brainerd Want One? Question to be Settled at Chamber of Commerce Meeting

Does Brainerd want a Chautauqua next year? This question will be settled at a meeting of the Chamber of Commerce called for Monday evening at 8 o'clock in the Chamber of Commerce rooms in the Iron Exchange building.

All those interested in a Chautauqua should attend the meeting and by their presence and co-operation make a Chautauqua for next season.

Caswell, for clerk of state supreme court, was the high man on the state ticket, polling 1193 votes. W. A. M. Johnston, for clerk of district court, was the high man on the county ticket, polling 1826 votes.

Claus A. Theorin, for sheriff, polled 1643 votes being about 500 more than the entire vote of three other candidates. The total vote of his opposition, three candidates, was 1199.

A coincidence in figures was the vote cast for attorney general and state treasurer. Smith for state treasurer polled 1177 and Smith for attorney general 1178. Johnson for state treasurer drew 814 votes and Manahan for attorney general 815.

The progressive vote for its gubernatorial candidates was about an even break. Halbert getting 49 and Westerlund 38. Lawler carried Crow Wing county with 146 votes, while Hammond gained but 97. It is believed that a lot of democrats in Crow Wing county and quite a few other counties did not vote their own ticket.

One of the most exciting contests for office in Crow Wing and Morrison counties, the fifty-third district, has been over the senatorship. Not until four days after the primary has it been settled. Senator C. D. Johnson polling 1752, George H. Gardner 1657 and A. M. Opsahl 1634.

The figures in detail are:

Johnson, Crow Wing	865
Johnson, Morrison	887
Total	1752
Gardner, Crow Wing	765
Gardner, Morrison	892

Total	1657
Opsahl, Crow Wing	1014
Opsahl, Morrison	620

Total 1634
The race has been neck and neck all the way through. In the final count Col. Johnson leads Gardner by 95, and Gardner is 23 ahead of Opsahl.

THE BAND ACCOMPANIES THEM

Blue Ribbon Orchestra to Play for the Dance—Believed 2,000 are at the Picnic

Over 2,000 people are attending the shop picnic today and notwithstanding rain is falling at intervals, the morning trains were filled to their capacity. The engine was gayly decorated with flags and bunting. The train crew consisted of Engineer Tarune, Fireman Janzig, Conductor Quinn and Brakemen Shafer and Fleming.

The first train left at 7 in the morning and the second at 9:30. The second train bore the Brainerd City band. Director F. J. Sykora said the band would play regardless of the amount of rain falling.

At Deerwood Mayor Archibald, Secretary of the Commercial Club Charles G. Osterlund and the full Deerwood band of 20 pieces met the picnic trains. Each train's equipment was seven coaches, a baggage car and caboose. A piano was taken along from Brainerd. The trains tonight leave Deerwood at 6:30 and 10:30.

REBELS COIN MONEY.

Coins Not Pretentious and Look as if Made by Amateurs.

Juarez, Mexico.—It is not generally known that the Constitutional forces in Mexico have coined money in silver and copper. These coins were struck in Chihuahua and are very crudely done—in fact, are about the most amateurish pieces of money that have been produced in many years. The peso or dollar has on one side simply "H del Parral, 1913," in a wreath, and on the other side, "1 peso."

The half dollar is more pretentious. On one side is the inscription, "Fuerzas Constitucionalistas, 1913" (Constitutional forces), and in the center a liberty cap surrounded by rays, a copy of the older style of Mexican coins. The reverse has "50 centavos" in a wreath, a poor copy of the present coinage of Huerta. The copper piece, which is said to have been made from trolley wire melted down, is similar to the 50 centavos, but has a "2 C" in a wreath for 2 centavos.

Maybe.

DEVELOPMENTS OF WEEK ON RANGE

Hans Anderson and Chisholm-Williams-McGoffin Forties to be Opened up by Savage

STOCKPILE SHIPPING STARTS

Ecogal Company Exploring Near Rabbit Lake, Cedar Lake and Near Tamarack

News of importance to Crosby and the north range is the report that John A. Savage, formerly with the Shenango Furnace Co., and now at the head of a group of capitalists, is to start opening up the Hans Anderson property, and the Williams-Chisholm-McGoffin forty. The Northern Pacific will build a spur to the property.

The Armour No. 2 mine of the Rogers, Brown Ore Co., at Crosby, is now shipping 19 cars daily, to be increased considerably when shipping from the stockpile is in full blast. The Kennedy mine of the same company at Cuyuna will also soon commence shipping. The Kennedy is under contract to ship 16,000 tons a month.

There has been filed a release of the option originally made by Fred Winquist and Fred E. Winquist, Sr., to George Hamelin of Hennepin county. The Winquists own the land situated in the southwest quarter of the northeast quarter and lot 2 of section 24, township 46, range 28.

The Iron Mountain Mining Co. is negotiating with furnace companies of the east and has received several good offers for its entire ore output. The manganese iron ore is what is proving attractive to intending purchasers.

Stockpiles at the Cuyuna-Duluth mine in Ironton are daily increasing size. The Cuyuna-Mille Lacs mine north of Ironton is shipping to fill orders received. The Seafeld Exploration Co. of Ironton has a drill working on the Dehning property of the Cuyuna-Iron Valley Iron Co. across Rabbit lake from the Kennedy mine.

Two drills are working on the Campbell forty of the Cuyuna-Sultana Iron Co. The union of the Cuyuna-Mille Lacs and Cuyuna-Duluth mines and the Dunbar furnaces and other eastern interests has been accomplished and the new corporation, capitalized at \$12,000,000 and known as the American Manganese Manufacturing Co., is expected to ship heavily this season. The manganese iron ore mined is what has given these two mines a commanding position in the steel market and has made their product more valuable than the general run of ore mined on the Cuyuna range.

At the Duluth-Brainerd mine drifting in ore will soon be in progress. The shaft in this mine was sunk to ledge in 60 days, one of the best records ever made on the range. On the grade put in by the Cuyuna Northern railway and extending from the Cuyuna-Mille Lacs mine to the Duluth-Brainerd mine, rail laying has commenced. The Northern Pacific extension from Leech on the Lake Superior division to the Wilcox mine at Woodrow is now being graded by McCullough and Cheney, railway contractors of Minneapolis. Supt. MacKay reports the shaft now down over 80 feet. Less water has been found since a streak of hard pan was penetrated. The pumps are now handling a small flow, about 250 gallons a minute. Ledge is expected at 92 feet. An Ingersoll-Rand air compressor will soon be set up.

A. R. Kennedy, traffic manager of the Pittsburgh Steel Ore Co., which is mining at the Rowe pit mine in Riverton, has been on the range arranging for shipments. It is reported the mine will ship as high as 300,000 tons from the property for its first season's shipment. The Pittsburgh Steel Co. furnaces will handle the entire output of their mining subsidiary. The hydraulic equipment supplemented by a steam shovel is getting the property in shape. Soo tracks have been laid to the mine.

Managing Director Charles C. Jones of Duluth, visits regularly the Brainerd-Cuyuna mine in the city limits of Brainerd, where good progress is being made in the sinking of the second shaft to ledge. Down at Barrows, also on the south range, the people are hopeful of another company soon working the Barrows mine. Considerable drilling is to be done in the vicinity of Barrows this season. At the Cuyuna Range addition to Brainerd east of the Northern Pacific railway shops drills are to explore the addition to determine if there is ore there and the holders will be benefited accordingly if ore is found.

The Pennington pit mine has a shovel at work. This mine shipped 100,000 tons last year. The shovel in the Thompson pit mine of the Inland Steel Co. at Crosby is in ore and shipping should commence very soon. It would seem that where manufacturing had been curtailed and little ore used this year, the country was due for a great prosperous movement when the crops were to be moved and that an increase in freight rates would further tend to cause the railways to invest heavily in equipment and in building extensions, thus strengthening the ore market.

West of Brainerd is a wide field

which was considerably explored by Frederickson drills two years ago. Recently he has resumed drilling and this move has caused much speculation, and also attracted interest in this section of the range.

The Longyear Exploration Co. is drilling on its third hole at the county poor farm of Crow Wing county. In the second hole 50 per cent ore was struck for 25 feet at 275 to 300 feet depth. The third hole is expected to strike more and better ore at not so great depth. Nine holes are to be put down.

The Minneapolis, Mille Lacs and Northern railway is striving to extend its line from Anoka to Brainerd and is seeking to interest Brainerd people in the proposition. The line is in operation between Anoka and Minneapolis. A committee of Brainerd bankers recently examined the line and its financial and legal standing, on invitation of the company.

The Minnesota Central railway company, of Duluth, was given a franchise by the city of Brainerd to build a street railway and construction of part of the line is expected to begin soon. Its promoters plan on making Brainerd the center of an interurban system.

The Ecogal company, composed of Frank A. Edson, Thomas A. Gall and H. W. Coulter, was organized for the purpose of exploring iron properties on the Cuyuna and other ranges. The company has one drill operating for the Provident Iron company at Rabbit lake, two drills for the Combination Iron Co. at Cedar Lake and one drill for a fee owner north of Tamarack. The Ecogal company also does considerable drilling for interests in desirable properties. Its main office is in Duluth and range headquarters at Deerwood.

A Chinese Flea Trap.

A flea trap is in general use in Szechuan. It consists of two pieces of bamboo, one inside the other. The outer is about a foot in length and two and a half inches in diameter. It is longitudinally fenestrated. The inner bamboo is of equal length, but only about an inch in diameter. It is kept in position by means of a short wooden plug. The inner bamboo is coated with birdlime or the like. The outer bamboo is protective. The trap can be placed under bedclothes, among rugs and so forth. Any fleas that go through get caught on the birdlime. The traps might be of great value in connection with plague epidemics.—Dr. Hindle in Knowledge.

MOODS.

One of the elements which make for happiness and unhappiness is the vigor and persistence of moods. Will means something definite. Intellect, if properly used, moves to certain ends. The affections are positive. Moods, on the other hand, are mere states of feeling—drifting fog that arises now at one point and now at another of the landscape, changing nothing, unstable, driven away by a passing wind, yet for the moment obscuring the view as completely as if they had destroyed it.

Fatal Disease.

A young painter who had just finished a picture insisted upon a friend calling to see it.

"There, now," enthused the artist, "you see my new picture! What's the matter with that?"

"I don't know," replied the bored friend, "but I should say it was a case of art failure."—National Monthly.

Sheridan Made the Rime.

The prince regent, afterward George IV., once offered £50 to any one who could find a rime for "porringer." This was merely child's play to Sheridan, who happened to be present. With scarcely a moment's thought he said:

The Duke of York a daughter had. He gave the Prince of Orange her. And now, by zounds, I'll take your pounds. For there's a rime to porringer!

Satisfaction.

"Why do you set your alarm clock? You never get up when it rings!" "No, but I have the satisfaction of knowing I am sleeping late of my own free will and not by accident."—Exchange.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it incurable, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists. 75c. Take Hall's Catarrh Pills for constipation. —Adv.

28 YEARS TO ACCEPT DIVORCE

When Husband Returns Wife Pays Cost and Gets Decree.

Towanda, Pa.—Feeble with the weight of years, yet determined in manner, Mrs. Hanna Harrison entered the courthouse and demanded the papers in a divorce granted her twenty-eight years ago. Prothonotary Estell spent two hours searching the records and finally found that back in the eighties Mrs. Harrison had been granted a divorce from James Harrison on the grounds of desertion. The decree was to become effective when Mrs. Harrison paid the costs of the case. The conditions were explained to the aged woman, and she said she knew all about it and was ready to pay the costs as required.

Then she explained that about the time the divorce was applied for she heard her husband was dead, and she decided that a divorce was not necessary. A few days ago he returned after an absence of over thirty years, and she decided to lift the decree. She accordingly paid the costs and was given the papers, which restores to her her maiden name.

"I put him out of my life forever when I applied for that divorce, and now I intend to keep him out," said the woman as she placed the court's decree in her hand bag and left the courthouse.

A Substitute.

"Have you a stove lighter I could borrow?" asked the woman who had just moved in.

"No, but my husband is a piano mover," suggested the woman next door.—Philadelphia Record.

BRAINERD WITNESSES

The Names of Brainerd Persons Familiar to All

Who are the witnesses? They are Brainerd people—Residents of Brainerd who have had kidney backache, kidney ills, bladder ills; who have used Doan's Kidney Pills. These witnesses endorse Doan's.

One Brainerd resident who speaks is D. M. Clark, hardware dealer, of 501 N. Fifth St. He says: "I have often recommended Doan's Kidney Pills for I have known of their merit for some time. I procured Doan's Kidney Pills at H. P. Dunn's Drug Store, and have always found that they are just as represented."

Mr. Clark is only one of many Brainerd people who have gratefully endorsed Doan's Kidney Pills. If your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Clark had—the remedy backed by home testimony. 50c all stores, Foster-Milburn Co., Props., Buffalo, N.
